Tintinara, 2 miles west of A on road to Adolair

July 10 1964 (witness Mr. Frank Dress, Church St, Deelong West)

Friend's car said suddenly coming down road towards car at +30 ft  
+50 ft. Looked cylindrical, Brown. As got closer saw 2  
little lights on it. It dropped to ca +20 ft alt as near car.

Time 0245, dark. Windy. Call. 5 in car in all  
Height above roadway - just above light poles. Came in  
over some scrub, from left, 1 straight over car. They stopped  
car to look but could see nothing or hear nothing. **Silent.**

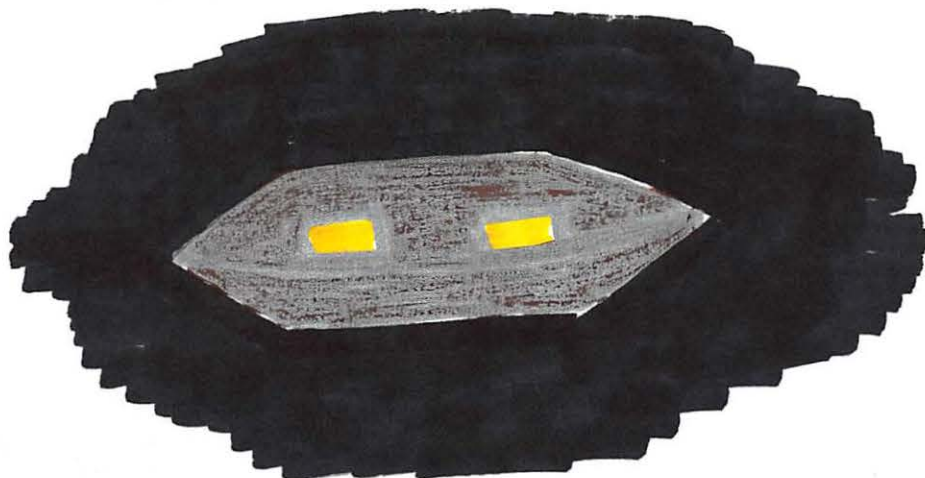

Any engine or radio effect? No. Heat etc? No. No sound

Any superstructure, rails or dome? Did have two  
windows. Shaped like saucers, with two portals. Yellow

Clip gives size as 12 ft across. Had two lights or windows  
about 8 ft apart, with a dull light shining thru, yellowish color

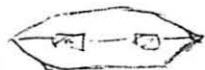

They stopped the car, put out car lights, + got out to investigate, but  
they could not see or hear anything. **Craft disappeared once overhead.**

No radio in car, so no data on radio effect

9 or 5.
