Dear Bro. Jn. Tammerton
 Hi! Received your letter last week. Yes, we both read your good book about hundreds of people (living witnesses) who have witnessed U.F.O.'s during their every day life. Just what I did on Nov. 7th (7pm) 1951. On my way to our Mid-week prayer meeting, "The flying saucer" followed me from my home in Puyallup, Wash. all the way to Tacoma (about 80 miles). I stopped at a gas station and it also hovered over me in my car. So I got out and waved at it to land nearby. It was

35 to 45 ft. across, like a house floating in the air 100 feet just above me. No sound or smell, but blue flames from pipes around the rim (with white tips) alternated like exhaust from a motor, etc. Since then 55 yrs. ago, I too, have been trying to alert the U.S. public to these strange craft. Could he related to Biblical angels (good or evil) or a kind of creature (serpen) created in the past by same God of the Holy Bible. However, these "extraterrestrials" do not wish to talk or communicate with humans. My sighting in 1951, tipped their rim in my direction, then slowly began to rise straight up - until out of sight - to look for now, *Sidley-Bolt.*

CEI (1951): object seems to respond to observer, who has a religious interpretation of it.
