while on ground.

UFO 'SIGHTING' AT ELVIRA: LOOKED LIKE 'FOREIGN CAR' -- ELVIRA, IOWA -- Bill Pok--
oray, who farms $3\frac{1}{2}$ miles north of here, still believes he saw a UFO in his corn
field, despite the Iowa Highway Patrol's failure to turn up evidence of a landing.
Pokorny, 57, reported that he watched the "object" for a full 10 minutes last
Friday morning; but that it disappeared when he went for his binoculars... "It
was the real thing," he says. "It's something that a normal mind could hardly
comprehend."... Pokorny said he was starting his tractor when he spotted an ob-
ject that looked like a "foreign car" in his field. He wondered how it got there
without going through his yard. Then he looked closer and saw that the object
was not a car - but a six foot square "box-shaped object." He said it looked like
weathered tin and was grayish in color... the shine on the inner part was so
bright, I called my daughter to look... The farmer said that two panel-shaped
objects slid out of the sides of the UFO and the shape of the over-all object
changed from a box to a oval. Then he said the object began "spinning" in a
counter-clockwise direction as it sat on the ground in the cornfield....
